WORK EXPERIENCE

Balkans IT Solutions Pvt Ltd, Mayiladuthurai

UI/UX Designer & Frontend Developer

Dec 2024 – May 2025

- Designed user interfaces and web layouts using Figma, focusing on clean design and better user experience.
- Worked on improving dashboard and landing page UI, making the interface more intuitive and user-friendly.
- Converted UI designs into responsive web pages using HTML, CSS, and JavaScript.
- Created landing pages and UI components for web applications.
- Collaborated with the team to maintain consistent design and usability across the platform.

PERSONAL PROJECTS

[Explore all](#) 

College Time – College Event and Club Management App

- The Event Connect mobile app helps students stay updated about college events, workshops, and seminars in one place. With a simple interface, users can easily browse event details, schedules, and register for upcoming educational activities.

Adoptly –Pet Adoption Website

- Adoptly is a pet adoption website designed in Figma to help users find and adopt pets easily. The interface focuses on simple navigation, pet profiles, and a friendly user experience to make the adoption process smooth and accessible.
